**Commodities:**

- 78101800      Road cargo transport
- 95141600      Prefabricated residential buildings and structures

Section 215.559, Florida Statutes, established the Hurricane Loss Mitigation Program. A portion of the funding for this program is to be used to inspect and improve tie downs for mobile and manufactured homes. The intent and purpose of the RFP is to secure a contract with a qualified vendor to provide windstorm safety enhancements (tie downs) to manufactured/mobile homes and for mobile home parks and manufactured home communities around the state. During fiscal year 2017-2018, it is anticipated that approximately 3,000 manufactured/mobile homes will be eligible statewide.

The project period is November 1, 2017 through June 1, 2018. Contingent upon the availability of funds, a single contract awarded or the cumulative of multiple contracts awarded will not exceed \$2,320,000.00 (Two million three hundred twenty thousand dollars). However, in the event additional funding are made available, it is the intent of TCC to make additional one-year extensions (maximum of two extensions) based on funding and Proposer availability. Such extensions shall be at the same terms and conditions contained herein. It is TCC's intention to award contracts to the top three proposals.

Request for Proposal will be opened at the below address at 02:00 P.M., October 03, 2017.
