The Tallahassee Community College District Board of Trustees authorizes the President to develop and maintain a Developmental Education Implementation Plan to implement the developmental education strategies defined in Florida Statute 1008.02 and rules established by the State Board of Education. The plan must outline the following:

1. Documented student achievements such as grade point averages, work history, military experience, career interests, degree major declaration, or any combination of such achievements that the institution may consider, in addition to common placement test scores, for advising students of enrollment options.
2. Developmental education strategies available to students.

-
3. A description of student costs and financial aid opportunities associated with each option.
 4. Provisions for the collection of student success data.
 5. A comprehensive plan for advising students into appropriate developmental education strategies based on student success data.

The plan will be reviewed annually and the results reported to the Board of Trustees and the Division of Florida Colleges.
