INTRODUCTION

The District Board of Trustees recognizes that the quality of faculty, administrators and staff is directly related to the quality of the College. Maintaining a competitive salary plan for instructional, administrators and support personnel is a key to attracting and retaining a highly qualified workforce. To accomplish this objective, the President is directed to recommend a budget using the following guidelines:

1. Give highest priority to funding the direct cost of instruction, maintaining TCC's position of being one of the Florida community college leaders in percent of budget directed to instruction.
2. Establish the appropriate balance between personnel and non-personnel expenditures to assure a positive teaching environment.
3. Restrict administrative and other non-instructional expenses to the lowest reasonable level for maintaining efficient and effective operations.
4. Provide highly competitive salaries to maintain the College as a leader in compensation among Florida community colleges.

PURPOSE

The salary schedule for Tallahassee Community College is established annually pursuant to s.1001.64(18), F.S., which gives the District Board of Trustees authority to develop a personnel program for the College. Upon adoption, the salary schedule serves as a guide in determining employee compensation. The annual salary schedule as approved by the District Board of Trustees shall supersede all rules, handbooks and other policies and shall be the only basis for computation of salaries to College employees. The salary schedule is not intended to create or be interpreted as a contract of employment. Furthermore, the salary schedule does not give employees the right to or expectancy of continued employment.

Tallahassee Community College's compensation policies and procedures are designed to meet the following objectives:

- Ensure compensation actions are administered in a manner to comply with state and federal legal requirements.
- Enhance the College's ability to attract and retain qualified faculty and staff.
- Ensure external competitiveness by developing and maintaining compensation levels that reflect market pay rates.
- Provide a clear and concise reference for fair compensation decisions.
- Provide flexibility so the compensation structure remains responsive to changes in the marketplace, the organization and funding availability.

GENERAL PROVISIONS

Effective Date

| The ~~2013-2014~~2014-2015 Salary Schedule is effective July 1, ~~2013-2014~~ through June 30, ~~2014~~2015.

Salaries

Salaries established for positions are based on 1.0 full time equivalent (FTE) unless otherwise noted. Salaries are adjusted for .50 or .75 FTE and eligible benefits are prorated as indicated in the College's policy manual.

Salary Increases/Changes In Salary

| Salary increases will be determined as part of the annual planning and budgeting process. The President will recommend a salary increase proposal to the District Board of Trustees for approval and will subsequently notify employees of the Board's decision.

| Salary increases are contingent on availability of funding and are largely dependent upon the allocation of state funds and TCC's budget priorities. If an employee is at the maximum of the salary range, a one-time ~~salary payment~~ pay adjustment (equivalent to the pay increase) may be authorized. The employee's base rate of pay will remain unchanged. Board approved salary increases for personnel employed under federal/state grants will be granted only if the increases are budgeted in the grants.

Pay Dates

Pay dates for all employees shall be the last College business day (Monday - Friday) of each month, unless otherwise established by the Vice President of Administrative Services/Chief Financial Officer.

Other Provisions

Under special circumstances, the District Board of Trustees reserves the right to employ individuals in established positions not covered by the salary schedule. Any or all provisions of this schedule may be waived upon appropriate action by the Tallahassee Community College District Board of Trustees. Changes to the approved Salary Schedule may only be made by the HR Director with approval from the President or Vice President of Administrative Services.

EMPLOYEE CLASSIFICATIONS

Employees are designated as Faculty, Non-Teaching Faculty, Executive, Administrative, Managerial/Professional or Classified Staff/Professional.

A Classified Staff/Professional employee who is on probationary status (initial appointment or due to an unsatisfactory performance appraisal) will not be eligible until the first of the following month after non-probationary status is obtained.

6. Shift Differential

Employees in the classifications of Custodial Worker, Senior Custodian and Custodial Shift Supervisor assigned to the evening shift shall receive an additional \$.50 hourly increment to their base pay as a shift differential. The hourly increment will be based on a 2,080 hour work year for full-time employees.

7. Changes in Salary

Changes in salary shall be implemented for the following reasons:

- Acting Assignment: In situations where classified staff is designated as "acting" in a Managerial/Professional or Administrative vacant position, the employee may be given a minimum of ten percent (10%) pay increase at the discretion of the President for compensation of the additional duties and responsibilities.
- Additional Work Assignment: A classified staff/professional employee may be given a work assignment which encompasses duties and responsibilities of a different, advanced and/or supervisory nature for a specified, limited period of time. This assignment may be rescinded unilaterally by the College and does not constitute a promotion.

In order for an employee to be given a work assignment and compensated accordingly, there must have been either a recruiting problem (documented by unsuccessful advertisements) or the current incumbent who is responsible for the higher level work has a medical or other such life situation that creates a workload void which must be met in order to provide a continuous and smooth program operation.

During this limited period of assignment, the employee may be given a pay supplement of ten percent (10%) with the approval of the appropriate Vice President or the President. This pay supplement will not be added to the employee's base pay.

- Demotion: A demotion occurs when an employee is appointed to a position in a job classification that has a lower pay grade. A demotion may be voluntary or involuntary. For voluntary and involuntary demotions, the employee's salary will be determined by the appropriate Vice President based on a recommendation by the Director of Human Resources.
- Educational Attainment: A non-probationary employee who obtains a higher level degree after being employed shall be eligible to receive a two percent (2%) increase on the base of current pay grade. The increase shall be effective the first of the month following receipt by the Human Resources Department of the official transcript showing the higher degree. It is the employee's responsibility to obtain and submit the official transcript to Human Resources.
- Extraordinary Task or Project: If an employee is assigned a task or project that is beyond the scope of the employee's assigned duties, that employee may be given a pay supplement as determined by the President. This pay supplement will not be added to the employee's base pay.
- Increase to Base Salary: All classified staff employees are eligible for any salary increase approved by the District Board of Trustees. A Classified Staff/Professional employee who is on probationary status (initial appointment or due to an unsatisfactory performance appraisal) will not be eligible until the first of the following month after non-probationary status is obtained.
- Promotion: A promotion occurs when an employee is appointed to a position in a job classification that has a higher pay grade. Upon promotion, the employee will receive either an increase in salary to the minimum of the new pay grade or the amount an employee would have been eligible for as a new hire, whichever is greater. In ~~either any instance~~ occurrence whereby an employee is assigned to a higher pay grade, the promotional increase should be at least five percent (5%).

- Reassignment/Lateral: A reassignment occurs when an employee is placed in an established position in a job classification with the same pay grade. There shall be no salary increase or decrease as a result of a reassignment.
- Reclassification: A reclassification is defined as placement of an employee in a classification with a higher or lower pay grade as a result of changes in the duties and responsibilities of that established position. If a position is reclassified to a higher pay grade, the procedure for a promotion shall be used. If a position is reclassified to a lower pay grade, the procedure for a voluntary demotion shall be used.
- Retitle: A retitle occurs when the title of an established position is changed. There shall be no salary increase or decrease resulting from the retitling of a position.
- Service Credit: Custodial Workers shall receive a one (1) pay grade increase and be retitled Senior Custodian on the first day of the month following achievement of ten (10) years of service in that classification.
- Temporary Assignment: In situations where the assignment or scheduling of work requires an employee to perform work in a higher level classification to fill the temporary vacancy of an established position, a new salary rate may be established for the period of temporary reassignment. This provision is not to be applied in situations of vacation replacement. An employee must work in the higher classification a minimum of one (1) month and not more than six (6) months. A vacancy of more than six (6) months must be filled through regular advertising procedures, unless otherwise approved by the District Board of Trustees. The rate of pay for the temporary assignment shall be determined using the guidelines for a promotional increase.
- Trainee Status: A Classified Staff employee may be appointed as a trainee in an established position with a higher pay grade due to the following:
 - Recruitment/Retention
 - The hiring authority has experienced recruitment difficulty in filling the position or in retaining personnel as evidenced by either a lack of qualified applicants or frequent turnover of staff within the last 24 months.
 - The Classified Staff employee is within one year of meeting the minimum training and experience requirements for the position and has demonstrated that he/she is able to perform most of the assigned duties through the assumption of job responsibilities when the position was vacant, as well as by the receipt of consistent performance appraisal ratings of satisfactory and above.
 - Loss of position
 - The Classified Staff position is being deleted due to a change in business process, technology or reorganization.
 - The Classified Staff employee is within one year of meeting the minimum training and experience requirements for the position and has demonstrated that he/she is able to perform most of the assigned duties through consistent performance appraisal ratings of satisfactory and above.
 - The trainee period would be limited to one year. Compensation during this period will be ten percent (10%) below the minimum of the pay grade for the higher classification. The training plan will be developed by the employee's supervisor in consultation with the Director of Human Resources and the appropriate Vice President. After finalization, the trainee recommendation should be submitted to the Vice President for Administrative Services.
 - Upon completion of the one-year trainee period, the Classified Staff employee will be required to serve a six month probationary period.
- Position Transfer: A transfer occurs when an employee is moved to an established position, from one job location/department to a different job location/department, within the same pay grade. There shall be no salary increase or decrease as a result of a transfer.

RETIREES

For the purpose of extending College retirement benefits other than the Retirement Incentive Plan, a retiree shall be defined as either:

- 1) ~~a~~An employee who meets the retirement criteria under the Florida Retirement System (FRS) Pension Plans and draws a retirement benefit from FRS; or
- 2) ~~A~~An employee who is under an ORP retirement plan or FRS Investment Plan and draws a benefit from the TCC-paid ORP or FRS Investment Plan and who has at least eight years of creditable service as defined by FRS.

SPECIAL RETIREE PAY 401A PLAN

Effective November 1, 2000, all employees at time of retirement from the College shall participate in the Special Retiree Pay plan by transferring an IRS-defined amount into a 401a defined contribution account.

The amount transferred into the account is exempt from FICA taxes, and payment of federal withholding taxes is deferred until funds are withdrawn from the plan by the retiree at a later date. If an employee has not reached age 55 or older at the time of separation of service, any funds withdrawn from the 401a account may be subject to a ten (10) percent penalty for early withdrawal in accordance with IRS regulations.

The 401a contribution shall be calculated not to exceed one hundred (100) percent of the total of the employee's salary plus terminal pay up to the maximum allowed by IRS; however, the contribution cannot exceed the amount of the employee's terminal pay. The salary period for calculation will be based on the College's fiscal year (July 1 through June 30).

Complete information about the Special Retiree Pay plan is available in the Human Resources Department.

PHASED RETIREMENT PROGRAM (PRP)

When a full-time faculty member participating in the Florida State Retirement System has achieved both a minimum of ten (10) years of instructional service and normal retirement eligibility as defined by Florida Statutes, that employee becomes eligible to apply to participate in the Phased Retirement Plan (PRP).

Faculty participating in the Community College Optional Retirement Program (CCORP) are ineligible to participate in the PRP.

Faculty members will have a window of up to three (3) years or thirty-six (36) months after attaining eligibility for normal retirement within which they may apply to retire under the PRP provisions. Failure to do so within time period will result in the forfeiture of eligibility for the program.

Faculty members who decide to participate in the PRP must provide a written request to the Vice Presidents for Academic Affairs and Administrative Services prior to the expiration of their eligibility. The written request must be submitted not less than one hundred (100) calendar days prior to the effective date of retirement.

Faculty are not eligible to participate in the Deferred Optional Retirement Program (DROP) and Phased Retirement Program (PRP) simultaneously, however, faculty participating in DROP may withdraw from participation in DROP to participate in the PRP for the remainder of the elected DROP period. The written request must be submitted not less than sixty (60) calendar days prior to the withdrawal date.

Complete information about the PRP is available in the Human Resources Department.

DEFERRED RETIREMENT OPTION PROGRAM (DROP) - 121.091(13) FS

The Deferred Retirement Option Program (DROP) is an alternative method for payout of retirement benefits. Any employee who is a vested member of the Florida Retirement System Pension Plan (FRS) and who reaches normal retirement either by number of years and/or age shall be eligible to participate in DROP.

An employee wishing to elect DROP must provide written notification of intent to their immediate supervisor and the Vice President for Administrative Services & Chief Financial Officer not less than sixty (60) calendar days prior to the date of DROP retirement.

An employee participating in DROP may elect to be paid for unused annual leave at the employee's current rate of pay, to the extent that the payment does not exceed the maximum payout for annual leave in the TCC Policy Manual. If this payment is less than the maximum, the balance of the employee's unused annual leave shall be paid at termination of employment, not to exceed the maximum payout for annual leave in the TCC Policy Manual.

Annual leave shall be earned during the DROP period, and unpaid annual leave shall be carried forward until used or paid at termination. Annual leave paid at termination shall not be counted in the retirement calculation.

Sick leave shall be earned during the DROP period, and unpaid sick leave shall be carried forward until used or paid at termination. All sick leave allowable per 121.091 F.S. up to a maximum of 480 hours shall be paid at termination at the current hourly rate of the employee.

When an employee retires and enters the DROP program, the contribution amount into the 401a will be calculated based on fiscal year salary and terminal pay in increments.

If an employee is participating in the DROP and the retirement incentive, the retirement incentive payout shall occur as outlined in the retirement incentive sections of the Board-approved Salary Schedule.

Complete information about DROP is available in the Human Resources Department.

RETIREMENT INCENTIVE

If an employee who was hired prior to July 1, 1995, elects to retire within thirty-six (36) months from achievement of normal retirement as defined in 121.091(1) F.S. or 238.07 F.S., the College shall pay up to a maximum of one thousand four hundred forty (1,440) hours of sick leave as allowed by 1012.865(2) (d)(5)F.S. This compensation shall be calculated at the hourly rate of pay at termination.

Any employee not choosing to exercise the above option shall not be eligible for the retirement incentive plan and shall follow the procedures in accordance to the sick leave payout policy as stated in the Policy Manual.

Retirees exercising the retirement incentive shall receive compensation as follows:

First payment: at the time of retirement, a ten percent (10%) incentive shall be paid based on the salary at retirement for those using the retirement incentive option. This incentive will be deposited into the Special Retiree Pay 401a/403(b) plan in accordance with IRS regulations.

Second payment: that portion of the accumulated sick leave hours which represents zero to four hundred eighty (0 - 480) hours with payment made into the Special Retiree Pay 401a plan five (5) months from termination.

Third payment: that portion of the accumulated sick leave hours which represents four hundred eighty-one to nine hundred sixty (481 - 960) hours with payment made into the Special Retiree Pay 401a/403(b) plan twenty-six (36) months from termination.

Fourth payment: that portion of the accumulated sick leave hours which represents nine-hundred and sixty-one to one thousand four hundred forty hours (961 - 1,440) with payment made into the Special Retiree Pay 401a/403(b) plan thirty-nine (39) months from termination.

Anyone wishing to retire must provide written notification of intent to their immediate supervisor and the Vice President for Administrative Services not less than sixty (60) calendar days prior to the date of retirement in order to participate in the retirement incentive.

REEMPLOYMENT PROVISIONS FOR RETIREES

Retirees shall have retired per 121.091(1) FS or 238.07 FS and shall have completed seven (7) years of service at the College.

Retirees and prospective retirees shall apply to the appropriate cost center administrator ninety (90) days prior to the term for which they wish to be considered for hire back. A contract shall be for no more than nine (9) credit hours per term for adjunct faculty. An Other Personal Services (OPS) authorization may be for up to forty (40) hours per week. The need to employ a senior adjunct faculty member in any given term is based on the College's need to add course sections beyond those that can be taught by the full-time faculty members. The need to employ a senior OPS staff member is based on the College's need to have work performed beyond that which can be performed by full-time staff.

The retiree shall confirm his/her availability with the appropriate cost center administrator in accordance with the cost center guidelines for such notification by the retiree.

No benefits of a full-time position shall accrue to the senior adjunct faculty or senior OPS employee except those provided in Statute or State Rule. The senior retiree shall perform only those duties normally performed by adjunct faculty or OPS employees.

For senior retirees, the salary shall be established at one point one (1.1) of the rate regular adjunct faculty earn for the degree the individual holds or one point one (1.1) of the appropriate OPS hourly rate.

HOURLY EMPLOYEES (OPS & WORK-STUDY STUDENTS)

Hourly employees are hired to fill temporary positions created to accomplish a specific task within a specific time. These employees work on an "as needed" or "available funds" basis and are compensated on an "hours worked" basis only. An hourly employee does not serve on a contractual basis, nor does the authorization form for hire constitute a contract. Hourly employees are classified as Other Personal Services (OPS), including Tutors and Work-Study Students. These employees are non-exempt and covered under the overtime provisions of the Fair Labor Standards Act (FLSA).

OTHER PERSONAL SERVICES (OPS)

Non-TCC students employed in this category will be subject to the Federal Medicare tax and will be required to contribute to the Alternate FICA Plan. After employees work a minimum of 2080 hours, they are subject to combined FICA and Medicare taxes, as mandated by state and federal law, and are eligible for employer contributions in the Florida Retirement System (FRS).

Hourly rates for OPS employees should be determined based on the comparability of work assigned to established Classified Staff/Professional positions (similar pay for similar work). Any rate beyond \$24.87 per hour (pay grades 233-235, OPS VI) for an OPS employee must have special approval by the Vice President for Administrative Services and Chief Financial Officer.

All OPS employees will be compensated according to the following schedule. However, the base rate shall be no lower than the rate set by the Florida Minimum Wage Act (FMW).

COMPARABLE CLASSIFIED STAFF HOURLY RATES

OTHER PROVISIONS

1. **Classified Staff Replacements:** OPS employees working as temporary replacements for classified staff on approved leave shall be paid the minimum hourly wage for the position classification to which they are assigned. No other use of classified staff titles for OPS employees is appropriate.
2. **Transcripts:** OPS employees whose responsibilities have degree requirements must have an unofficial transcript on file in the Human Resources Department in order for appropriate compensation rate to be determined. In order for these workers to receive a second paycheck, the official transcript showing the degree must be on file in the Human Resources Department.
3. **Rate Changes:** All OPS rate changes require either an OPS authorization with the new rate or an OPS change form.
4. **Timesheet Reporting Period:** The reporting period for OPS timesheets is the same as the reporting period for non-exempt staff (see page 40).
5. **Timesheet Submission:** OPS employees are to submit timesheets to their supervisor as soon as possible after the end of the monthly reporting period in order to meet payroll deadlines.

If the timesheet is not turned in to the supervisor in a timely manner, the employee may be required to wait until the next payroll cycle to receive compensation for that reporting period. The final decision in that case rests with the Vice President of Administrative Services and Chief Financial Officer.

WORK-STUDY STUDENTS

Student personnel may qualify to work under the Federal College Work-Study (FCWS) program for a specified number of hours as determined by the Financial Aid Office. Work-study students are not eligible to receive employee benefits and are exempt from Social Security and Medicare taxes.

The hourly rate for work-study student employees is \$0.25 above the minimum hourly rate set by the Florida Minimum Wage Act.

OTHER PROVISIONS

1. **Timesheet Reporting Period:** The reporting period for Work-Study timesheets is the same as the reporting period for non-exempt staff (see page 40).
2. **Timesheet Submission:** Work-Study employees are to submit timesheets to their supervisor as soon as possible after the end of the monthly reporting period in order to meet payroll deadlines.

If the timesheet is not turned in to the supervisor in a timely manner, the employee may be required to wait until the next payroll cycle to receive compensation for that reporting period. The final decision in that case rests with the Vice President and Chief Financial Officer.

INTRODUCTION

The District Board of Trustees recognizes that the quality of faculty, administrators and staff is directly related to the quality of the College. Maintaining a competitive salary plan for instructional, administrators and support personnel is a key to attracting and retaining a highly qualified workforce. To accomplish this objective, the President is directed to recommend a budget using the following guidelines:

1. Give highest priority to funding the direct cost of instruction, maintaining TCC's position of being one of the Florida community college leaders in percent of budget directed to instruction.
2. Establish the appropriate balance between personnel and non-personnel expenditures to assure a positive teaching environment.

PURPOSE

The salary schedule for Tallahassee Community College is established annually pursuant to s.1001.64(18), F.S., which gives the District Board of Trustees authority to develop a personnel program for the College. Upon adoption, the salary schedule serves as a guide in determining employee compensation. The annual salary schedule as approved by the District Board of Trustees shall supersede all rules, handbooks and other policies and shall be the only basis for computation of salaries to College employees. The salary schedule is not intended to create or be interpreted as a contract of employment. Furthermore, the salary schedule does not give employees the right to or expectancy of continued employment.

Tallahassee Community College's compensation policies and procedures are designed to meet the following objectives:

- Ensure compensation actions are administered in a manner to comply with state and federal legal requirements.
- Enhance the College's ability to attract and retain qualified faculty and staff.
- Ensure external competitiveness by developing and maintaining compensation levels that reflect market pay rates.
- Provide a clear and concise reference for fair compensation decisions.
- Provide flexibility so the compensation structure remains responsive to changes in the marketplace, the organization and funding availability.

GENERAL PROVISIONS

Effective Date

The 2014-2015 Salary Schedule is effective July 1, 2014 through June 30, 2015.

Salaries

Salaries established for positions are based on 1.0 full time equivalent (FTE) unless otherwise noted. Salaries are adjusted for .50 or .75 FTE and eligible benefits are prorated as indicated in the College's policy manual.

Salary Increases/Changes In Salary

Salary increases will be determined as part of the annual planning and budgeting process. The President will recommend a salary increase proposal to the District Board of Trustees for approval and will subsequently notify employees of the Board's decision.

Salary increases are contingent on availability of funding and are largely dependent upon the allocation of state funds and TCC's budget priorities. If an employee is at the maximum of the salary range, a one-time pay adjustment (equivalent to the pay increase) may be authorized. The employee's base rate of pay will remain unchanged. Board approved salary increases for personnel employed under federal/state grants will be granted only if the increases are budgeted in the grants.

Pay Dates

Pay dates for all employees shall be the last College business day (Monday - Friday) of each month, unless otherwise established by the Vice President of Administrative Services/Chief Financial Officer.

Other Provisions

Under special circumstances, the District Board of Trustees reserves the right to employ individuals in established positions not covered by the salary schedule. Any or all provisions of this schedule may be waived upon appropriate action by the Tallahassee Community College District Board of Trustees. Changes to the approved Salary Schedule may only be made by the HR Director with approval from the President or Vice President of Administrative Services.

EMPLOYEE CLASSIFICATIONS

The Act establishes wage and time requirements, sets federal minimum wage that must be paid and mandates when overtime must be paid. Employees not covered by the overtime provisions of FLSA are considered "exempt" (E), those covered by FLSA overtime provisions are "non-exempt" (NE)

Exempt (E) employees are those individuals who are exempt from the overtime provisions of the FLSA because they meet the requirements of the executive, professional, administrative or computer exemption.

- Temporary Assignment: In situations where the assignment or scheduling of work requires an employee to perform work in a higher level classification to fill the temporary vacancy of an established position, a new salary rate may be established for the period of temporary reassignment. This provision is not to be applied in situations of vacation replacement. An employee must work in the higher classification a minimum of one (1) month and not more than six (6) months. A vacancy of more than six (6) months must be filled through regular advertising procedures, unless otherwise approved by the District Board of Trustees. The rate of pay for the temporary assignment shall be determined using the guidelines for a promotional increase.
- Trainee Status: A Classified Staff employee may be appointed as a trainee in an established position with a higher pay grade due to the following:
 - Recruitment/Retention
 - The hiring authority has experienced recruitment difficulty in filling the position or in retaining personnel as evidenced by either a lack of qualified applicants or frequent turnover of staff within the last 24 months.
 - The Classified Staff employee is within one year of meeting the minimum training and experience requirements for the position and has demonstrated that he/she is able to perform most of the assigned duties through the assumption of job responsibilities when the position was vacant, as well as by the receipt of consistent performance appraisal ratings of satisfactory and above.
 - Loss of position
 - The Classified Staff position is being deleted due to a change in business process, technology or reorganization.
 - The Classified Staff employee is within one year of meeting the minimum training and experience requirements for the position and has demonstrated that he/she is able to perform most of the assigned duties through consistent performance appraisal ratings of satisfactory and above.
 - The trainee period would be limited to one year. Compensation during this period will be ten percent (10%) below the minimum of the pay grade for the higher classification. The training plan will be developed by the employee's supervisor in consultation with the Director of Human Resources and the appropriate Vice President. After finalization, the trainee recommendation should be submitted to the Vice President for Administrative Services.
 - Upon completion of the one-year trainee period, the Classified Staff employee will be required to serve a six month probationary period.
- Position Transfer: A transfer occurs when an employee is moved to an established position, from one job location/department to a different job location/department, within the same pay grade. There shall be no salary increase or decrease as a result of a transfer.

RETIREEES

For the purpose of extending College retirement benefits other than the Retirement Incentive Plan, a retiree shall be defined as either:

- 1) An employee who meets the retirement criteria under the Florida Retirement System (FRS) Pension Plans and draws a retirement benefit from FRS; or
- 2) An employee who is under an ORP retirement plan or FRS Investment Plan and draws a benefit from the TCC-paid ORP or FRS Investment Plan and who has at least eight years of creditable service as defined by FRS.

SPECIAL RETIREE PAY 401A PLAN

Effective November 1, 2000, all employees at time of retirement from the College shall participate in the Special Retiree Pay plan by transferring an IRS-defined amount into a 401a defined contribution account.

The amount transferred into the account is exempt from FICA taxes, and payment of federal withholding taxes is deferred until funds are withdrawn from the plan by the retiree at a later date. If an employee has not reached age 55 or older at the time of separation of service, any funds withdrawn from the 401a account may be subject to a ten (10) percent penalty for early withdrawal in accordance with IRS regulations.

The 401a contribution shall be calculated not to exceed one hundred (100) percent of the total of the employee's salary plus terminal pay up to the maximum allowed by IRS; however, the contribution cannot exceed the amount of the employee's terminal pay. The salary period for calculation will be based on the College's fiscal year (July 1 through June 30).

Complete information about the Special Retiree Pay plan is available in the Human Resources Department.

PHASED RETIREMENT PROGRAM (PRP)

When a full-time faculty member participating in the Florida State Retirement System has achieved both a minimum of ten (10) years of instructional service and normal retirement eligibility as defined by Florida Statutes, that employee becomes eligible to apply to participate in the Phased Retirement Plan (PRP).

Faculty participating in the Community College Optional Retirement Program (CCORP) are ineligible to participate in the PRP.

Faculty members will have a window of up to three (3) years or thirty-six (36) months after attaining eligibility for normal retirement within which they may apply to retire under the PRP provisions. Failure to do so within time period will result in the forfeiture of eligibility for the program.

Faculty members who decide to participate in the PRP must provide a written request to the Vice Presidents for Academic Affairs and Administrative Services prior to the expiration of their eligibility. The written request must be submitted not less than one hundred (100) calendar days prior to the effective date of retirement.

Faculty are not eligible to participate in the Deferred Optional Retirement Program (DROP) and Phased Retirement Program (PRP) simultaneously, however, faculty participating in DROP may withdraw from participation in DROP to participate in the PRP for the remainder of the elected DROP period. The written request must be submitted not less than sixty (60) calendar days prior to the withdrawal date.

Complete information about the PRP is available in the Human Resources Department.

DEFERRED RETIREMENT OPTION PROGRAM (DROP) - 121.091(13) FS

The Deferred Retirement Option Program (DROP) is an alternative method for payout of retirement benefits. Any employee who is a vested member of the Florida Retirement System Pension Plan (FRS) and who reaches normal retirement either by number of years and/or age shall be eligible to participate in DROP.

An employee wishing to elect DROP must provide written notification of intent to their immediate supervisor and the Vice President for Administrative Services & Chief Financial Officer not less than sixty (60) calendar days prior to the date of DROP retirement.

An employee participating in DROP may elect to be paid for unused annual leave at the employee's current rate of pay, to the extent that the payment does not exceed the maximum payout for annual leave in the TCC Policy Manual. If this payment is less than the maximum, the balance of the employee's unused annual leave shall be paid at termination of employment, not to exceed the maximum payout for annual leave in the TCC Policy Manual.

Annual leave shall be earned during the DROP period, and unpaid annual leave shall be carried forward until used or paid at termination. Annual leave paid at termination shall not be counted in the retirement calculation.

Sick leave shall be earned during the DROP period, and unpaid sick leave shall be carried forward until used or paid at termination. All sick leave allowable per 121.091 F.S. up to a maximum of 480 hours shall be paid at termination at the current hourly rate of the employee.

When an employee retires and enters the DROP program, the contribution amount into the 401a will be calculated based on fiscal year salary and terminal pay in increments.

If an employee is participating in the DROP and the retirement incentive, the retirement incentive payout shall occur as outlined in the retirement incentive sections of the Board-approved Salary Schedule.

Complete information about DROP is available in the Human Resources Department.

RETIREMENT INCENTIVE

If an employee who was hired prior to July 1, 1995, elects to retire within thirty-six (36) months from achievement of normal retirement as defined in 121.091(1) F.S. or 238.07 F.S., the College shall pay up to a maximum of one thousand four hundred forty (1,440) hours of sick leave as allowed by 1012.865(2)(d)5F.S. This compensation shall be calculated at the hourly rate of pay at termination.

Any employee not choosing to exercise the above option shall not be eligible for the retirement incentive plan and shall follow the procedures in accordance to the sick leave payout policy as stated in the Policy Manual.

Retirees exercising the retirement incentive shall receive compensation as follows:

First payment: at the time of retirement, a ten percent (10%) incentive shall be paid based on the salary at retirement for those using the retirement incentive option. This incentive will be deposited into the Special Retiree Pay 401a/403(b) plan in accordance with IRS regulations.

Second payment: that portion of the accumulated sick leave hours which represents zero to four hundred eighty (0 - 480) hours with payment made into the Special Retiree Pay 401a plan five (5) months from termination.

Third payment: that portion of the accumulated sick leave hours which represents four hundred eighty-one to nine hundred sixty (481 - 960) hours with payment made into the Special Retiree Pay 401a/403(b) plan twenty-six (36) months from termination.

Fourth payment: that portion of the accumulated sick leave hours which represents nine-hundred and sixty-one to one thousand four hundred forty hours (961 - 1,440) with payment made into the Special Retiree Pay 401a/403(b) plan thirty-nine (39) months from termination.

Anyone wishing to retire must provide written notification of intent to their immediate supervisor and the Vice President for Administrative Services not less than sixty (60) calendar days prior to the date of retirement in order to participate in the retirement incentive.

REEMPLOYMENT PROVISIONS FOR RETIREES

Retirees shall have retired per 121.091(1) FS or 238.07 FS and shall have completed seven (7) years of service at the College.

Retirees and prospective retirees shall apply to the appropriate cost center administrator ninety (90) days prior to the term for which they wish to be considered for hire back. A contract shall be for no more than nine (9) credit hours per term for adjunct faculty. An Other Personal Services (OPS) authorization may be for up to forty (40) hours per week. The need to employ a senior adjunct faculty member in any given term is based on the College's need to add course sections beyond those that can be taught by the full-time faculty members. The need to employ a senior OPS staff member is based on the College's need to have work performed beyond that which can be performed by full-time staff.

The retiree shall confirm his/her availability with the appropriate cost center administrator in accordance with the cost center guidelines for such notification by the retiree.

No benefits of a full-time position shall accrue to the senior adjunct faculty or senior OPS employee except those provided in Statute or State Rule. The senior retiree shall perform only those duties normally performed by adjunct faculty or OPS employees.

For senior retirees, the salary shall be established at one point one (1.1) of the rate regular adjunct faculty earn for the degree the individual holds or one point one (1.1) of the appropriate OPS hourly rate.

HOURLY EMPLOYEES (OPS & WORK-STUDY STUDENTS)

Hourly employees are hired to fill temporary positions created to accomplish a specific task within a specific time. These employees work on an "as needed" or "available funds" basis and are compensated on an "hours worked" basis only. An hourly employee does not serve on a contractual basis, nor does the authorization form for hire constitute a contract. Hourly employees are classified as Other Personal Services (OPS), including Tutors and Work-Study Students. These employees are non-exempt and covered under the overtime provisions of the Fair Labor Standards Act (FLSA).

OTHER PERSONAL SERVICES (OPS)

Non-TCC students employed in this category will be subject to the Federal Medicare tax and will be required to contribute to the Alternate FICA Plan. After employees work a minimum of 2080 hours, they are subject to combined FICA and Medicare taxes, as mandated by state and federal law, and are eligible for employer contributions in the Florida Retirement System (FRS).

Hourly rates for OPS employees should be determined based on the comparability of work assigned to established Classified Staff/Professional positions (similar pay for similar work). Any rate beyond \$24.87 per hour (pay grades 233-235, OPS VI) for an OPS employee must have special approval by the Vice President for Administrative Services and Chief Financial Officer.

All OPS employees will be compensated according to the following schedule. However, the base rate shall be no lower than the rate set by the Florida Minimum Wage Act (FMW).

COMPARABLE CLASSIFIED STAFF HOURLY RATES		
LEVEL	EQUIVALENT PAY GRADE	EQUIVALENT HOURLY RATE
OPS I	-	FMW - \$8.59

OPS IV	115 - 120	\$12.42 - \$15.49
OPS V	121 - 126	\$15.50 - \$19.52
OPS VI	127	\$19.53 - \$24.87

COMPARABLE CS - PROFESSIONAL HOURLY RATES		
OPS LEVEL	EQUIVALENT PAY GRADE	EQUIVALENT HOURLY RATE
OPS IV	217 - 220	\$12.42 - \$15.49
OPS V	221 - 226	\$15.50 - \$19.52
OPS VI	227 - 232	\$19.53 - \$24.87

OTHER PROVISIONS

1. **Classified Staff Replacements:** OPS employees working as temporary replacements for classified staff on approved leave shall be paid the minimum hourly wage for the position classification to which they are assigned. No other use of classified staff titles for OPS employees is appropriate.
2. **Transcripts:** OPS employees whose responsibilities have degree requirements must have an unofficial transcript on file in the Human Resources Department in order for appropriate compensation rate to be determined. In order for these workers to receive a second paycheck, the official transcript showing the degree must be on file in the Human Resources Department.
3. **Rate Changes:** All OPS rate changes require either an OPS authorization with the new rate or an OPS change form.
4. **Timesheet Reporting Period:** The reporting period for OPS timesheets is the same as the reporting period for non-exempt staff (see page 40).
5. **Timesheet Submission:** OPS employees are to submit timesheets to their supervisor as soon as possible after the end of the monthly reporting period in order to meet payroll deadlines.

If the timesheet is not turned in to the supervisor in a timely manner, the employee may be required to wait until the next payroll cycle to receive compensation for that reporting period. The final decision in that case rests with the Vice President of Administrative Services and Chief Financial Officer.

WORK-STUDY STUDENTS

Student personnel may qualify to work under the Federal College Work-Study (FCWS) program for a specified number of hours as determined by the Financial Aid Office. Work-study students are not eligible to receive employee benefits and are exempt from Social Security and Medicare taxes.

The hourly rate for work-study student employees is \$0.25 above the minimum hourly rate set by the Florida Minimum Wage Act.

OTHER PROVISIONS

1. **Timesheet Reporting Period:** The reporting period for Work-Study timesheets is the same as the reporting period for non-exempt staff (see page 40).
2. **Timesheet Submission:** Work-Study employees are to submit timesheets to their supervisor as soon as possible after the end of the monthly reporting period in order to meet payroll deadlines.

If the timesheet is not turned in to the supervisor in a timely manner, the employee may be required to wait until the next payroll cycle to receive compensation for that reporting period. The final decision in that case rests with the Vice President and Chief Financial Officer.
