NOW, THEREFORE, BE IT RESOLVED BY THE DISTRICT BOARD OF TRUSTEES OF TALLAHASSEE COMMUNITY COLLEGE:

SECTION 1. AUTHORITY FOR THIS RESOLUTION. This Resolution is adopted pursuant to the laws of the State of Florida, section 1013.23, Florida Statutes, as amended, and other provisions of law.

SECTION 2. FINDINGS. It is hereby found, ascertained, determined and declared that:

A. The WHEREAS clauses recited above are hereby incorporated herein as a part of this Resolution.

B. The College is a duly constituted and validly existing Florida College System institution and its Board of Trustees is a body corporate under the laws of the State of Florida pursuant to Sections 1000.21(3)(j) and 1001.63, Florida Statutes, each as amended.

C. The Board of Trustees is without adequate, currently available funds to finance the acquisition, construction, and installation of the Equipment and it is necessary and desirable and in the best interests of the Board of Trustees that it borrow the moneys necessary to finance the acquisition, construction, and installation of the Equipment. The Board of Trustees is authorized pursuant to the provisions of the section 1013.23, Florida Statutes, to borrow moneys to finance the acquisition, construction, and installation of the Equipment.

D. The terms of the Energy Performance-Based Contract and the Financing Documents in the forms presented to this meeting and incorporated in this resolution are in the best interest of the Board of Trustees for the acquisition, construction, and installation of the Equipment.

E. The amount the Board of Trustees would spend on the acquisition, construction, and installation of the Equipment recommended in the Report will not exceed the amount to be saved in energy and operation costs over 20 years from the date of installation, based on life-cycle costing calculations, if the recommendation in the Report were followed and if the Energy Performance Contractor provides a written guarantee that the energy or operating cost savings will meet or exceed the costs of the system.

SECTION 3. AUTHORIZATION OF THE ENERGY PERFORMANCE-BASED CONTRACT; AUTHORIZATION OF FINANCING AND FINANCING DOCUMENTS.

A. The Energy Performance-Based Contract, the Financing Documents, and the acquisition, construction, installation, and financing of the Equipment under the terms and conditions as described in the Financing Documents and the Energy Performance-Based Contract are hereby approved.

B. The Board of Trustees is hereby authorized to execute and deliver the Energy Performance-Based Contract. The Board of Trustees is also hereby authorized to execute the Financing Documents in the aggregate principal amount of not to exceed \$5,400,000 for a term of not to exceed 20 years, at an interest rate of not to exceed 3.50%. The Financing Documents shall provide for payments of not less than one-twentieth of the price to be paid within two years from the date of the complete installation and acceptance by the Board of Trustee of the Equipment, and the remaining costs to be paid at least quarterly, not to exceed a 20-year term based on life-cycle costing calculations. The Energy Performance-Based Contract and the Financing Documents shall contain all provisions required by, and otherwise comply with, section 1013.23, Florida Statutes.

C. The Board of Trustees hereby authorizes the execution and delivery, on behalf of the Board of Trustees, by the Chair or Vice-Chair of the Board of Trustees, under the seal of the Board of Trustees, attested by the Secretary of the Board of Trustees, the Energy Performance-Based Contract and the Financing Documents. The Energy Performance-Based Contract and the Financing Documents shall be in substantially the form presented to this meeting and incorporated in this resolution, with such changes, amendments, modifications, deletions, and

additions as may be approved by the Chair or Vice-Chair, delivery thereof to be conclusive evidence of such approval.

D. Because of the unique characteristics of financing energy performance-based contracts, the current volatility of the credit markets, and the fact that the Lease Agreement is not expected to be rated or insured, it is in the best interests of the Board of Trustees to enter into the Financing Documents with the Lessor pursuant to a negotiated placement.

SECTION 4. INSTALLMENT PAYMENTS; LIMITED OBLIGATION. The Board of Trustees promises that it will promptly pay installment payments, consisting of principal and interest components, as described in the Financing Documents, and all other amounts due under the Financing Documents at the place, on the dates, and in the manner provided in the Financing Documents according to the true intent and meaning hereof and thereof. Amounts due under the Financing Documents shall be payable solely from legally available non-ad valorem revenues of the Board of Trustees lawfully appropriated in each fiscal year, and the obligation of the Board of Trustees to continue such Lease Agreement for each fiscal year shall be subject to appropriation of legally available non-ad valorem revenues for the payment of obligations under the Lease Agreement in such fiscal year, all in accordance with the terms hereof and of the Lease Agreement. The Lessor shall never be entitled to payment of the installment payments from any funds of the Board of Trustees except from legally available non-ad valorem revenues of the Board of Trustees lawfully appropriated in each fiscal year, as described herein and in the Lease Agreement. The Lease Agreement does not and will not constitute a debt, liability, or obligation of the State of Florida or the Board of Trustees, or a pledge of the faith and credit of the State or the Board of Trustees.

SECTION 5. USE OF PROCEEDS. The proceeds of the lease purchase financing shall be used to (i) finance the acquisition, construction, installation, and financing of the Equipment, and (ii) pay the costs and expenses associated with making the financing.

SECTION 6. GENERAL AUTHORIZATION. The Chair and Vice-Chair and the Secretary of the Board of Trustees, the President, and such other officials and employees of the College as may be designated by the Board of Trustees are each designated as agents of the Board of Trustees in connection with the making of the lease purchase and entering into the Energy Performance-Based Contract and the Financing Documents and are authorized and empowered, collectively or individually, to take all actions and steps and to execute all instruments, documents, and contracts on behalf of the Board of Trustees that are necessary or desirable in connection with the execution and delivery of the Energy Performance-Based Contract and the Financing Documents, and which are specifically authorized or are not inconsistent with the terms and provisions of this Resolution.

SECTION 7. PREREQUISITES PERFORMED. The Board of Trustees has performed all acts, conditions, and things relating to the passage of this Resolution as are required by the laws of the State of Florida.

SECTION 8. SEVERABILITY. If any provision of this Resolution shall be held or deemed to be or shall, in fact, be illegal, inoperative or unenforceable in any context, the same shall not affect any other provision herein or render any other provision (or such provision in any other context) invalid, inoperative or unenforceable to any extent whatever.
