

# GHAZVINI CENTER FOR HEALTHCARE EDUCATION

*Update*

## Takeaways:

- Dental Assisting and Hygiene have licensure pass rates of 100% along with the Paramedic and Radiology Technology programs. The Nursing programs have a 97% pass rate which is above the state average. Additionally, a select number of TCC healthcare programs have a 100% job placement rate.
- Our partnerships and clinical opportunities encompass over 20 sites that include the region's largest healthcare employers.
- To meet the demands of the nursing shortage,
  - TCC will launch a new RN Bridge program to allow licensed practical nurses, respiratory therapists and paramedics graduates to pursue an Associate in Science Nursing degree on an accelerated schedule; and
  - The Nursing A.S. degree program will increase enrollment by 100% by Fall 2020.
