

Low/No Light Instructor Region III/XV

March 4-6, 2025 ♦ Times vary*
Florida Public Safety Institute

Course Description:

This (3) day class is focused around the 8 light principles of Low/ No light. Developed by Ken Good, these tactics have been proven time and time again. Students will be exposed to extensive Force on Force scenarios utilizing airsoft pistols with Red Dot optics. Understanding the applications of the principles in this class, we will prepare students to be able to build and/or enhance their current low light programs. Handheld flashlight techniques will be discussed, however it will not be the focus. We will be focused around tactics with handheld and weapon lights. Students will be asked to demonstrate a level of proficiency in order to pass the class. Resources will be provided to help students build a low light program at the conclusion of the class.
