What you need to ID sheet - Bones of the Arm and Forearm

This sheet tells you what you need to be able to identify on these bones – check the "to know" sheet for anything else you may need to know about this topic.

You are \emph{done} with these bones when you can identify \emph{all} of the following:

L/R Humerus	L/R Ulna
capitulum	coronoid process
coronoid fossa	olecrnon (olecranon process)
head	radial notch
lateral epicondyle	trochlear (semilunar) notch
medial epicondyle	styloid process
olecranon fossa	
radial fossa	L/R Radius
trochlea	radial head
	radial tuberosity
	styloid process
	ulnar notch
